

Become a Sustaining Member of the National Translator Association.

We're facing one of our biggest challenges. The FCC wants to reallocate a significant portion of the television spectrum for other use. We need your help now more than ever to preserve *Free-Over-The-Air* TV.

In order to continue our Mission to MAINTAIN AND PROTECT FREE-OVER-THE-AIR TELEVISION and FM translators from other communications users who are continually trying to encroach on our spectrum it is necessary to maintain a vigorous presence in Washington, DC. **The Board of Directors is asking our members to join the National Translator Association as “Sustaining Members”.** This increased revenue is necessary to help make it possible to have your Board of Directors be more visible in Washington. Regular membership is \$200 annually. **As a Sustaining Member @ \$500 we can increase our visibility and work more effectively to protect free-over-the air television.**
